

Don't predict. Diversify.

ONE DAY
IN JULY

"I have one piece of advice. Diversify. And if I had to offer a second piece of advice, it would be: remember that the future will not necessarily be like the past. Therefore we should diversify."

~ Harry Markowitz
Nobel Laureate in Economics

"Forecasts of the future tell you more about the forecast than the future."

~ Warren Buffett

Asset Class Returns

(It's nicknamed "The Quilt" for a reason.)

Think anyone can predict markets?

Past performance does not guarantee future returns. The historical performance shows changes in market trends across several asset classes over the past fifteen years. Returns represent total annual returns (reinvestment of all distributions) and do not include fees and expenses. The investments you choose should reflect your financial goals and risk tolerance. It is not possible to invest directly in an index. All data are as of 12/31/2024.
